Driver Flees Doomed Semi

HUDSONVILLE — A Florida truck driver leaped to safety Saturday as the semi truck he was driving became stuck on a railroad crossing here and was demolished by a fast-moving Chesapeake and Ohio freight train.

Driver Herman Hendricks, 37, of Green Cove Springs, Fla., jumped from the cab of his truck seconds before the 45-car freight train slammed into it at the 36th Ave. crossing at 6:30 a.m.

Hudsonville Police Chief Willard Ten Have said damage to the tractor-trailer rig probably exceeded \$25,000. The rig was declared a total loss. Ten Have said the locomotive also suffered considerable damage but was able to proceed under its own power. The truck was empty when the collision occurred.

Hendricks, who was driving west on M-21 parallel to the C & O track, turned north on 36th Ave. Ten Have said he cut the corner too sharply, causing the hind wheels of the trailer to get stuck in a snow bank. The tractor stopped on the rails.

Hendricks tried to signal the train by blinking the truck's headlights. Ten Have said, and waited until the last possible instant before jumping from the truck, seconds before the train plowed into it. He had been on his way to Vande Bunte Brothers Produce to have the truck loaded when the accident occurred, Ten Have said.

The freight train was headed east at about 45 or 50 miles an hour. Ten Have identified the train's engineer as Ray Martin of Grand Rapids.

Check Benefit Under Social Security Plan

Don't wait until the day you need Social Security benefits to begin finding out about them.

It is easy to find out if all your wages have been reported for Social Security. The Social Security people are ready to help you get this information. They have booklets that tell about retirement payments and survivors payments.

These booklets also tell how many work credits you need to get payments, how much you can expect to get, and which members of your family can collect payments with you. The people at your Social Security office will also tell you what you need to bring with you when you come in to apply for benefits.

For instance, always bring along your Social Security card. If you're applying for retirement benefits you should bring along some proof of your age as well as your most recent W-2 form.

If self-employed you will need to bring a copy of your most recent tax return and proof that the return was filed such as a cancelled check or money order stub.

A widow applying for survivor's payments should supply her marriage certificate and birth certificates for the young children.

If applying for disability payments you should be able to tell how your condition keeps you from working and be able to give the names and addresses of all doctors and hospitals who have treated you for your condition.

Your Social Security office is located at 50 Ransom N.E., Grand Rapids. Phone or write the people there for booklets or information on your social security.

4 Children And Parents Are Killed

Denison Family Home Burns to Ground Early Christmas Day

SPRING LAKE — A family of six was wiped out in an early Christmas morning blaze which swept a two-story frame house at 17292 Villa Park, Spring Lake.

Perishing in the flames were Donald Lindsey Denison, 48; his wife Alma F., 37, and her four sons by a previous marriage, Louis Harvey Rupp III, 10, David A., 9, William J., 7, and Allan L., 6.

The Denisons had been married last September by a justice of the peace and had planned a second ceremony by a clergyman on Christmas Day.

Spring Lake firemen were called out at 1:50 a.m. Wednesday and on arrival found the frame house completely ablaze, the top floor already collapsed onto the first. Firemen found Denison's body on a stairway, one of the boys in his arms. Mrs. Denison's body was near a doorway and the bodies of the other boys were found amid the wreckage of their beds.

Detective Sgt. Clayton Marquardt of the state fire marshal's office attached to the Rockford state police post conferred with Spring Lake Fire Chief Ed Koster Wednesday and concluded the cause of the fire might have been one of four things — faulty electrical connections, a faulty furnace, a cigarette or a Christmas tree. Everything was so charred that origin of the blaze would be hard to determine.

The husband, Donald Denison, had resided in Spring Lake since 1949. He was born in Harmonsburg, Pa., Nov. 17, 1915, and served with the U.S. Coast Guard during World War II. Besides the wife, he is survived by two children by a former marriage, Mary F., 17, and Howard D., 10, both of Spring Lake; his mother, Mrs. Grace L. Denison, and a sister, Mrs. Willard Peterson of Kansas City, Mo.

She served in the Korean War from 1950 to 1953. She is survived by her mother, Mrs. Carman Thurston of Revere, Mass., and two sisters.

Her former husband, Louis H. Rupp Jr., a Dowagiac used car salesman, came to Spring Lake immediately upon learning of the death of his children.

The four Rupp children are survived by their father; two grandmothers, Mrs. Louise Rupp of Holland; Mrs. Carman Thurston of Revere, Mass., and a great grandmother, Mrs. Mertie Rupp of Dowagiac.

Louis Harvey Rupp III was born July 27, 1953, in Napa, Calif.; David A., Oct. 20, 1954, in Napa, William J., May 19, 1956 in Garberville, Calif., and Allan A., Aug. 28, 1957, in Holland. The children had lived in Spring Lake since 1957 and all attended the Spring Lake School.

Fire departments of both Spring Lake township and Spring Lake village responded, assisted by state police and sheriff's officers.

Dr. E.H. Beernink is serving as medical examiner. The bodies were taken to Barbier Funeral Home in Spring Lake.

East Hands Panthers 3rd Setback

EAST GRAND RAPIDS—West Ottawa's basketball team was handed its second straight Grand Valley League loss here Friday night as East Grand Rapids notched a 54-47 victory.

It was East's opening league victory and the Panthers are favored to grab the championship which the Panthers won last year. East now has a 3-1 overall record.

For the Panthers, it was their third straight setback following an opening game win.

After trailing 42-30 at the end of three quarters, the Panthers battled back to within three, 48-45 with 1:37 left but the Panthers responded with two quick baskets to insure the win.

Bruce Johns executed a three-point play with 2:09 left to put the Panthers within four, 48-44 and center Bruce Van Huis added the free throw at 1:37.

Greg Hoefler and Tom Blackburn added baskets to put the winners seven-points ahead. The Panthers scored their final basket with 40 seconds left before East's last field goal.

Tied three times in the opening minutes, 2-2, 3-3 and 7-7, the Panthers then moved to a 17-14 lead. East's height advantages told in the second period as the winners outscored West Ottawa, 15-6 to take a 32-20 halftime margin.

Each team scored 10 points in the third quarter and East kept its lead, 42-30. The Panthers were able to cut seven points off the margin in the final eight minutes.

The Panthers were able to keep pace with East in defensive rebounding but not on the offensive boards. West Ottawa frequently would get one shot and the Panthers would snag the rebound.

West Ottawa used a zone defense most of the time switching to a man-to-man some of the time. Coach Frank Kuta's club used a man-to-man defense.

The winners played four players in double figures as Hoefler led with 17 with Blackburn had 14. Steve Belkin made 11 and Jack Barrows, 10.

The Panthers made only 29 per cent of their shots with 18 baskets in 62 tries. West Ottawa had periods of 5-18; 3-14; 4-17 and 5-13. Van Huis led the losers with 13 while Arvin Visser added 11.

East hit on 43 per cent of its shots making 21 in 49 tries. The Panthers had quarters of 7-16; 6-12; 4-10 and 4-11.

East played with Chuck Abbott, its leading scorer and rebounder. Abbott was reported injured in an automobile accident.

West Ottawa hosts Grand Rapids Rogers next Friday night in a non-league game in the West Ottawa gym.

Questers Have Yule Potluck at Lampen Home

The Christine Van Raalte Chapter of the Questers held their annual potluck Christmas dinner at the home of Mrs. Jane Lampen in Zeeland Monday evening. Place cards and napkin rings were used in the table decorations where places were laid for 18 members and two guests.

Christmas decorations throughout the house added to the spirit of the occasion and punch was served from a beautifully appointed tea table.

Mrs. G. J. Van Hoven narrated on the "Carols of Christmas" and her daughter, Mrs. John Kleinhessel was soloist. She accompanied herself on the autoharp.

A French carol, "Carol of the Birds" was composed by the peasants of France because nature remained true and beautiful as God created it, Mrs. Van Hoven said. Pat-A-Pan, one of the oldest French carols played not only by song, but also played and danced, if one wants to get the full meaning of it, the speaker continued.

"Fum, Fum, Fum," a carol originating in the southwest corner of France holds the ceremony of burning the yule log. At midnight the church bells ring and the people pause to light candles and to hurry to church to celebrate Noel.

The beginning of the true Christmas carol was in the 13th century originating in Italy, the author being St. Francis of Assisi. It has become part of customs down through the centuries. A favorite carol, "Silent Night" written in 1818 by Franz Gruber, closed the program.

A film "Christmas in Folk Music" was shown after which there was an antique gift exchange. Mrs. Robert Long and Mrs. Ivan Kow were co-hostess.

Using an effective full court zone press, the Dutch completely controlled play and allowed the hapless Buc only eight shots. They made one and added four free throws.

Grand Haven made a game of it in the first quarter, scoring the first basket and taking a three-point lead midway in the period. The first quarter was tied four times before Holland got rolling.

It was a pretty bit of teamwork on a pass from Schuurman to Thompson that ignited Holland. Thompson's basket, scored from underneath, broke an 11-11 tie and came with 1:33 left in the first period.

Holland quickly scored five more points in the quarter to lead 18-11 and then kept on going. The Dutch added 12 straight points and led 32-11 before the Bucs scored again. The clock read 4:25 to go.

Another barrage, this one for 10 followed, before the Bucs got two free shots. The clock said 2:22 and the score read, 42-15. Holland scored seven more points to Grand Haven's two to take the 32-point half-time lead.

Holland had played its game and the second half, although the Dutch hit 50 per cent with 12 baskets in 24 tries, the Bucs were able to get 33 shots and made 14 and this helped the Bucs to outscore Holland, 38-29 in the last 16 minutes.

The Dutch made only 13 points in the third period and sank five of 12 shots while the losers canned 10 of 20 and scored 23 points to trail, 62-40 at the canto's close.

Wed in Bethel Church

Mr. and Mrs. James C. Meyer

A double ring ceremony performed by the Rev. John L. Van Harn in Bethel Reformed Church united Judith Anne Balder and James C. Meyer. The vows were spoken on the evening of Nov. 29 before a setting of bouquets of white pompons, snapdragons with a red ribbon weaved through the bouquet.

Parents of the couple are Mr. and Mrs. Bert Balder, 325 West 22nd St., and Mr. and Mrs. Cornelius Meyer, route 2, Holland.

Escorted to the altar by her father, the bride wore a floor-length gown of pea de soie featuring alencon lace medallions extending from the neckline to the hem with a graduated cummerbund holding a bouffant removable train. Her elbow-length veil fell from a crystal and pearl crown. Her bouquet consisted of white carnations tinted red.

The bridesmaid, Mrs. Edward Ryzenka, wore a street-length gown of red velvet with a scalloped neckline and three-quarter length sleeves. A red velvet headpiece held a red veil. She carried a bouquet of white carnations.

The groom chose his brother, William Meyer as best man and Carl Meyer and James Belder seated the guests.

A teal blue dress with a pink corsage of carnations was chosen by the mother of the bride. Mrs. Meyer selected a blue print jersey dress and a corsage of pink and white carnations.

Mrs. Myron Beckvoort played wedding music and accompanied Glen Bareman who sang "We'll Walk With God" and "The Lord's Prayer."

A reception for 115 guests was held in the church basement with Mr. and Mrs. James Van Norden serving as master and mistress of ceremonies. Gift room attendants included Miss Ruth Meyer and Miss Jean Meyer, twin sisters of the groom and Miss Sheryl Van Norden and Miss Sharon Van Norden, twin cousins of the bride. Miss Kathy Meyer, sister of the groom, and Miss Kathy Reus, cousin of the bride, passed the guest book. Mr. and Mrs. Arlon Jongekrijg poured punch.

For a wedding trip to Washington D.C., the bride changed to a white wool sheath with red accessories and a corsage from her wedding bouquet.

The bride is employed by Michigan Bell Telephone Co. and the groom is employed by Kalkman Redi-Mix. The couple resides at 300½ West 18th St.

Hope College Alumni Fund Nears Goal

The 1963 Hope College alumni fund is just \$9,000 shy of reaching its \$100,000 goal, Mrs. Marian Stryker, alumni secretary, reported Friday.

This is the largest goal ever set for alumni giving, according to Mrs. Stryker who said that the most alumni had previously raised was \$59,000 in 1959.

"We're gratified at the generous response from the alumni," continued Mrs. Stryker. "Our only disappointment is that the \$91,000 raised thus far has come from less than 20 percent of the total Hope alumni."

Throughout the year 327 alumni have participated in a personal solicitation program conducted throughout the nation.

Intensive campaigns were held in Zeeland, Holland, Grand Rapids, Grand Haven, Muskegon, Grandville, Hudsonville, Kalamazoo, Lansing, Ann Arbor, Detroit, Chicago, Rochester, N.Y., and Albany-Schenectady, N.Y.

"With more than a week left before the 1963 campaign ends we feel there's a good chance of meeting our goal," Mrs. Stryker said.

Campaign Workers To Wear Gold Keys

Holland area workers for the March of Dimes campaign will be wearing small gold keys, pinned on their lapels, it was announced today by Greater Holland March of Dimes Chairman William Halbert.

The small gold keys, which are the traditional symbol for the March of Dimes, represent the "key to immunity," Halbert said. The key became a symbol when in 1957 Dr. Jonas Salk first reported a final product of the now famous Salk Polio vaccine. The drive is scheduled during the entire month of January.

Holland Boy Made Gifts For Family

Every family isn't as lucky as Bob Race's family to receive handmade Christmas presents this year. Bob, who is 8 years old, has been in and out of hospitals in Holland and Grand Rapids with a kidney disease for the past three years.

Time spent in the hospitals has been used by Bob to make many gifts which will be given to his mother and father, Mr. and Mrs. Ernest Race, 27 East 24th St., his brothers, Ernest (Butch) 10, and Kenny, 21 months and his sister, Pam, 7.

Because he hasn't been able to attend school, Bob hasn't had the chance to meet many of his new neighborhood friends at Longfellow School, across the street from his home. He would like to receive cards from some friends his own age.

Bob has had four kidney operations for kidney stones, nephritis and blockage. He was in Butterworth Hospital for 5½ months and only Wednesday, returned from Ferguson Hospital in Grand Rapids to spend the holidays here.

A pre-Christmas celebration was held at the Race home on Sunday when Mrs. Race's parents, Mr. and Mrs. Gerald Dorgelo of Benton Harbor came. On Christmas Day, Mrs. Hazel Race Bob's grandmother, of Holland was a guest. An uncle and aunt, Mr. and Mrs. Richard Race, live at 760 Pine Ave.

Mr. Race, Bob's father is a disabled veteran, who will probably be leaving for a veterans hospital himself right after Christmas.

Bob has all his gifts wrapped, especially those for his mother and father. He did get the presents out for his brothers and sister, to show what can be done. He made a bottle decorated with stones and shells and sprayed with gold for his mother. The vase contained roses which he also assembled. A wallet, some crocheted pot-holders and many other items are evidence of his craft.

Mrs. Race is very proud of her son and is most grateful for her new neighbors, who have showered friendship on the family since they moved here from Douglas in September.

Consumers Digs Deeper Channel

The low level of Lake Michigan has caused Consumers Power Co. to dig a deeper channel to Pigeon Lake so the plant may get more water. A Consumers spokesman said today. A sandbar which drifted into the channel also added to their problems.

The water is used as a cooling condenser in generators at the James Campbell plant of Consumers Power Co. near Port Sheldon. Water is pumped into Pigeon Lake via the channel and then directly back into Lake Michigan again after it is used.

Digging began Thursday on the channel. A creek was widened into the channel at the same time the power plant was built. The low lake level had reduced the water flowing into the channel to about a foot.

SOME LESSONS FROM INDIANAPOLIS

The grand jury of Marion County, Indiana, which was organized to investigate the tragic ice-show explosion in Indianapolis has completed its study and issued its report. A careful reading will point up some important observations for other city administrations to profit by.

According to the grand jury, cylinders of propane gas were being used and stored in poorly ventilated concession stands in the basement of the Fairgrounds Coliseum in Indianapolis. An unusual rise in temperature released one or more safety valves permitting gas to escape. It was ignited by the open flame of a pop-corn machine.

The main reason for the explosion that took 72 lives, and maimed many more, was that the existing laws which would have prevented the disaster were not being enforced. The jury reported that the fire marshal and his inspectors were all political patronage appointments and none had either the interest or the technical competence to fill their legal obligations.

It is perhaps too much to expect that our political system will ever evolve into one in which government positions are filled on a basis of competency only, but most political appointees require some sort of endorsement by elected officials. We sincerely hope that these elected officials will never forget the potential consequences of their actions and that voters will elect only those types of leaders who put the public concern above repayment of political debts.

FEAR OF RETRIBUTION

Most people try to be law abiding and this is all to the good.

In spite of this, a good many appear in court each year, most of them for traffic charges. For the most part, these cases are far removed from criminal intent.

Yet, there remains a hard core of individuals who remain law abiding only because of fear of retribution. Generally speaking, that fear allows the rest of us to live together in an orderly society secure in the knowledge that someone else is not going to damage our person or property.

So far as adults are concerned, this simple knowledge of an unpleasant result is quite effective.

Superior Court Judge Robert Gardner of Santa Ana, Calif., in an article in an FBI magazine says towns which maintain firm standards of punishment for traffic violations usually have a low accident rate. Are these citizens just naturally more law abiding and more considerate of the rights of others? Of course not. They just don't want to get traffic tickets and the inevitable punishment if apprehended.

Judge Gardner cites a more dramatic example of the punitive approach.

During the holiday season, office parties flourish, drinking gets out of hand, and for a few days before Christmas drunk-driving arrests zoom and innocent people are killed or maimed in traffic accidents. Then the newspapers play it up, editors are written demanding action. The police department announces a "crackdown" on drunk drivers. Roadblocks are set up. The traffic court announces all drunk drivers are going to jail.

Result: In the week between Christmas and New Year's when you would expect office parties and social drinking to be in full swing, there are no arrests. The reason? Fear of the results of drinking. It is not any rehabilitation of the drinker, nor changing of the inner man.

As a result, you and I, Mr. and Mrs. Average Law Abiding Motorist, can drive down the highway without being endangered by the drunken driver. It's unpleasant to face these somewhat harsh realities, but they exist.

THERE IS A REASON

The Foreign Aid Bill has been having trouble in both houses of Congress, but especially in the House of Representatives. Opponents of the bill have been especially vocal, and even those who favored the bill have been more than hesitant to speak in its favor. There is little doubt that there has been a grass roots opposition to extending the program. Perhaps one can best understand the reaction of the public by carefully noting what has gone on recently in Cambodia, Viet Nam, and Indonesia. The last, Indonesia, is a striking example.

Recently the four British possessions, Malaya, Singapore, Sarawak, and Sabah formed the country of Malaysia. The United States welcomed the creation of this state. Not so President Sukarno of Indonesia. In his most recent pronouncement he blatantly threatened to destroy the new country, adding that the presence of the United States Seventh Fleet would in no way sway him from this purpose. His words were, "We will continue to crush Malaysia." The United States has been more than kind to Sukarno in spite of the fact that many Americans have raised their eyebrows over his cosmic shenanigans.

It is highly doubtful that Sukarno would be where he is today without our help. He has used the threat of communism to gain what he has wanted.

Certainly one can not expect the United States citizen to be blind to such actions. The American taxpayer is quite well aware that much of the Foreign Aid Funds have done some good. But as the examples of misuse of the funds pile up, he also is ready to ask questions. And when he notes the words of a Sukarno, he wonders whether his money isn't creating another dictator whose ultimate aim is to smash democracy. The Foreign Aid Bill is having trouble. One doesn't have to go far to ask why.

WHICH GOVERNMENT?

A lot of impolite things used to be said about government workers feeding at the public trough, and the like. The remarks are likely to be more polite these days, but their implication is the same: the government has too many people on the payroll. And by "the government," the critics usually mean the federal government.

It may be true that the federal government has too many people on its payroll. But the curious fact of the matter is that, whereas the number of civilians employed by the federal government rose only 15 percent in the decade of the 50s, the gain in state and local government workers was 51 percent. Last year civilian jobs in the federal government held about even, but 300,000 were added by state and local governments. Payroll padding, it seems, is not a Washington invention.

Dimensions of Freedom
Galatians 5:13-26
By C. P. Dame

On the last Sunday of the year 1963 we will study the last of the three lessons from the Epistle to the Galatians, called the epistle of freedom. As we study this lesson let us remember that freedom can be used and misused.

I. Freedom is not license. The Galatian churches were troubled by false teachers who said that in order to be saved it was necessary to submit to all the Jewish rites and ceremonies. Paul objected strongly to this legalism. Why do some sectarians today go about unsettling Christians with marginal matters? Paul wrote to the Galatians that they were called to freedom.

These new Christians got the wrong idea of freedom. They felt that they were freed from the demands of the law and could cast aside all the restraints and yield to all desires and secure forgiveness any time.

Paul told them not to use their liberty for an occasion to the flesh but to remember that Christian liberty is controlled by love. Christians who serve prompted by love, serve in freedom. Love is the fulfillment of the law. The person who is prompted by love obeys all of God's laws.

II. Freedom calls for discipline. Paul summons Christians to walk in the Spirit, and if they do they will not fulfill "the lusts of the flesh." The word "flesh" refers to man's fallen nature.

Christians have to struggle all their lives against their old nature. The heart of the Christian is a battleground.

In this lesson Paul writes of four areas of life—sex, worship, human relationships and temperance in which sin asserts itself boldly. Paul after mentioning the works of the flesh, cites the fruit of the Spirit. The works of the flesh are plural but the fruit of the Spirit is singular. There is no law against the Christian virtues of love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance. The evil men do comes from their hearts, the virtues they practice come from the indwelling Holy Spirit.

III. Christian freedom leads to real life. Paul says that Christians "have crucified the flesh with the affections and lusts." This does not mean that Christians are no longer troubled by fleshly desires and passions. Experience reveals too often the presence of the old nature.

Paul teaches that sin no longer has a continuous dominion over the lives of Christians. The more Christians yield themselves to the guidance of the Holy Spirit the less they will be concerned about the desires and ambitions of the old nature.

Guidance by the Spirit means living according to the law of love which leads to freedom.

Would you like a professional analysis of your home landscape? You can get it this year in a special landscape program Feb. 5, 1964 during Michigan State University's annual Farmers' Week in East Lansing. But first, you must send cardboard mounted 35 mm color slides of your landscape to Joseph T. Cox, School of Urban Planning and Landscape Architecture, MSU, East Lansing. Deadline is Jan. 28. Pictures should be taken at about 100 foot distance, showing front, side or back views of buildings. And if possible, send pictures without snow. Be sure to label each slide with your name and indicate return address on your envelope. Slides will be returned to the owner by mail after Farmers' Week.

Cox and William R. Nelson, extension landscape architect from the University of Illinois, will discuss the slides during the program at 10:10 a.m. on Feb. 5 in Room 32 of the MSU Union Building. Nelson will also be speaker for a 2:10 p.m. program that day on "Landscape Design for Today's Family." He will answer such questions as, "Why do the millions of dollars we spend each year on building home landscapes fail to give the satisfaction we expected?" Grand Haven Post Office Site Named

GRAND HAVEN — The north-west corner of Franklin and Fourth Sts. across from the jail has been named as site for the Grand Haven post office according to announcement Friday from the General Services Administration in Washington, D.C.

The area involved located on the fringe of the downtown district totals 52,272 square feet and is readily accessible for mail vehicles and patrons.

The site, one of seven suggested by the local post office site committee involves the old Methodist church property, the city owned Woman's Club property and a building occupied by the special education division of county schools. Also involved are the Peoples Bank parking lot and three houses.

The plans call for a \$515,000 post office and federal building. On April 5 both the house and senate Public Works Committees approved appropriations bills for a new Grand Haven post office that would include \$159,200 for the site and design as well as \$365,600 for the structure. A basementless building is planned and a parking lot for 30 cars will be provided. If funds are available in 1964, the building may be completed in 1965.

The site was designated following a study made by four representatives of the General Services Administration, Chicago, working closely with the Grand Haven Chamber of Commerce, according to Claude Ver Duin, executive vice president.

The need for a new post office to replace the 58-year-old office located at Washington and Third was determined following a survey a year ago. The mail handling department is cramped for space and Spring Lake has more inside room than the Grand Haven office.

Oilers Chalk Up Fifth League Win

Oilers Score 112-108 Win Over Chicago

Displaying good defense when it counted and hitting on 53 per cent of its shots, the Holland Oilers basketball team edged the Chicago Bombers, 112-108 Wednesday night before 2,000 fans in the Civic Center.

It was the fifth Midwest Basketball League victory for the Oilers in seven starts and set the stage for the Oilers showdown battle with the Grand Rapids Tackers in the Civic Center on Saturday, Jan. 4.

Gary Lee, who returned to the Oilers for the Christmas night game, and veteran Willie Merriweather handled the winners in the crucial final minutes when the Bombers managed to pull within two points.

With 55 seconds left, the Oilers held a 107-105 lead but Merriweather managed to draw the fouls as the Bombers tried to get the ball. Merriweather made the Oilers last five points, including four in a row.

Lee's ball handling kept the ball away from the Bombers in the closing minutes and through-

out the game the 5'9" guard was able to move around the taller Bombers and frequently intercepted passes.

The ex-Central Michigan player received permission from the Marysville school board to play in the game. Jimmy Darrow, slated to play was called to Ohio because of the illness of his father. Lee's appearance was only for the Wednesday game and 5'11" Darrow, who will be making his initial start in Holland, is expected for the Tackers game.

Holding leads of between two and 14 points, the Oilers were always in command but the Bombers, each time they fell way behind, were always able to come back but never able to grab the lead.

Tied twice, 44 and 77, the winners jumped to a 29-21 first period lead and held a 62-58 halftime margin. With 6:30 left in the first half, the winners had been in front, 51-38.

The third period score was 88-82 after leading 82-73 with 2:39 left in the quarter. With 10 minutes left in the game, the Bombers had pulled within three, 89-86 but the Oilers again spurred.

Frank Burks pushed the score to 93-86 with 9:19 left and Ed Burton's dunk at 8:16 made it 97-86. It was 99-86 with 7:02 left on a Burks' basket and with 5:30 remaining the score stood, 101-89.

But again the Bombers began to move, behind the shooting of Governor Vaughn, and with 3:18 left had pulled within seven, 105-98 and with 1:49 remaining, were within four, 107-103.

Vaughn's basket with 55 seconds left put Chicago within two when Merriweather took over. Vaughn did the fouling as he tried to take the ball away from the ex-Purdue All-American.

Henry Hughes, who made nine of 16 from the floor, led the winners with 24 while Merriweather, who had seven of 15, added 22 and Burton, with nine of 18, had 21. Burks made eight of 13 for 17 points.

The Oilers made 22 of 32 free throws including eight of nine by Merriweather and six of seven by Hughes. The Oilers made 45 of 85 shots for 53 per cent on halves of 26-48 and 19-38.

The winners picked off 47 rebounds, 12 by Burton while the Bombers had 41 rebounds, 15 by Jackie Fitzpatrick. The losers made 17 of 26 free shots and 44 of 107 for 42 per cent on halves of 22-55 and 19-52.

Ottawa County 4-H News

By Willis S. Boss
County Extension Agent, 4-H
We have noted with interest, in reading the local newspapers, that many of our 4-H groups have held Christmas parties. Some have exchanged presents and others have contributed to charities. We are always pleased to read about these activities. The spirit of giving to others is one that carries through the whole year long in the 4-H program, especially as we are mindful of this in the Christmas season.

As we look forward to the year 1964 we are very happy that we can anticipate an increased enrollment in 4-H as we have completed approximately 200 more school conservation projects and have increased in the clothing enrollment by an extra 100, and look forward to an increased summer program in '64 with the help of Mr. Warren Bosworth. In general, the program for 1964 will be district and county Achievement Days starting the middle of March and running through the first week of April. We hope to be able to give a recreational leaders training session in February along with the Share-the-Fun Festival. The last part of June and first part of July will be devoted to the 4-H camping program at Camp Pottawatomie. August will be Fair month and the winding up of the summer program. In the fall the winter projects will be started, one of them being conservation which winds up on December. Roughly there are some of the highlights for 1964.

We thought that some of our leaders, members and parents would be interested in knowing that in 1963, a total of 2,368 of boys and girls were enrolled in 4-H in Ottawa County doing 3,500 different projects ranging from conservation to dairy to clothing, etc.

We would appreciate it if all 4-H leaders who have not sent in their enrollments, would do so very soon. We need them in the 4-H office to bring the records up to date. Also we like to have an accurate list of leaders to send the 4-H news and materials to.

Christian Faces Toughest Test

Two unbeaten class A basketball powers, Holland Christian and Grand Rapids Christian, renew one of the state's oldest rivalries Friday night before an expected crowd of 4,500 fans on the Grand Rapids Civic Auditorium court.

Both clubs will be meeting their toughest test of the season when the two outfits clash. Coach Art Tuls' Maroons enter the game with a 5-0 mark while the Eagles coached by Wes Vryhof have a 4-0 mark not including a victory over the school's alumni in the season opener.

The two outfits have been running up big scores so far this season with each averaging about 70 points per game. Neither club appears to be as strong defensively as in recent years.

Grand Rapids Christian has perhaps its strongest club since the Paul Benes-Tom Newhof era and is led by a balanced offensive attack. The playmaker and outcourt shooter is Gary Rypma, also a fine feeder. Up front the Eagles boast of a sharpshooting trio of Bob Sysma, Tom Rickers and Wes De Motts. They also form a rugged rebounding trio. Vryhof also has good depth, it is reported.

Holland Christian has been working hard this week stressing rebounding and defense in their drills. The squad is in high spirits as it seeks to extend its victory string to six. Physically the club seems to be in good shape with the exception of first line sub, Larry Klaasen, who will miss his second straight game with a leg infection.

Tuls is expected to start Jim Otte at center, Don Kronmeyer and Jack Langeland at the forwards and Tim Dykema and either Tom Deur or Ken Geurink at the guards.

Grand Rapids Christian is the largest high school in Grand Rapids with an enrollment of almost 1,400 students. Holland Christian has 910.

Tickets for the game will remain on sale at the Holland Christian High office until Friday noon.

The two reserve squads will clash in the 6:15 preliminary.

A seraglio is a harem.

West Ottawa Hosts Rogers Friday Night

After losing three straight contests West Ottawa's basketball team hopes the home confines of the West Ottawa gym will help Friday night against Grand Rapids Rogers.

West Ottawa has lost its last two Grand Valley games by six and seven points respectively. The Panthers have been plagued with one bad shooting quarter in each game.

Coach Jack Bonham is drilling his team this week in hopes of improving their shooting. The Panthers made 29 per cent of their shots against East Grand Rapids last Friday.

Bruce Van Huis, 6'4" junior and the tallest man on the squad, led the Panthers for the first time. Another junior, Arvin Visser, who has improved every game added 11. Van Huis will work at center and Visser at forward.

Dave Farabee and Dave Vizitum, the other juniors, will start at forward and guard. Guard Bruce Johns is the lone senior starter.

Parents of the couple are Mr. and Mrs. Jan Pleysier, 605 Pleasant Ave. Kalamazoo, and Mr. and Mrs. William C. De Roo, 567 Central Ave.

The ceremony was solemnized by Dr. Renzen O. De Groot, pastor of the First Christian Reformed Church of Kalamazoo. David Vander Vliet, organist, accompanied J. Robert Kuyper of Grand Rapids who sang "Oh, Lord Most Holy" and "The Lord's Prayer."

In a setting of a candelabra tree accented with greens, red poinsettias and matching bouquets, Miss Pleysier approached the altar on the arm of her father, who gave her in marriage. She wore a floor-length sheath of white satin brocade, fashioned with a bateau neckline above a fitted bodice with long sleeves tapered to points over the wrists.

The back waistline was defined with a coboon rose above a floating chapel train. Her bouffant tiered veil of English silk illusion was secured to a capsule-shaped crown of Aurora Borealis crystals and pearls. She carried a cascade bouquet of white Amazon lilies, accented by white feathered chrysanthemums and ivy.

Mrs. William M. De Roo, sister-in-law of the groom, matron of honor, was attired in a floor-length gown of emerald velvet fashioned with a bateau neckline and long tapered sleeves. The controlled skirt featured a shepherds back with a self-bow. A white fur pillbox hat and a matching fur muff adorned with an arrangement of red poinsettias, holly, holly berries, red ribbon streamers entwined with ivy completed her ensemble.

Teachers To Hold Own Institute

Public school teachers in Holland will hold their own institute March 6 instead of joining Ottawa county teachers for the annual event.

The announcement was made at a meeting of the Board of Education Monday afternoon. Grand Haven teachers also will hold their own institute that day. County Supt. Jennie M. Kaufman said \$215 has been earmarked for Holland expenses. County institutes are a function of the Ottawa County Intermediate School District.

In keeping with a discussion held earlier, the board approved a schools committee recommendation to hire a part-time truant officer for the remainder of the year, serving other schools as well as public schools in this area. It is expected a police officer will be hired to do the work which consists of making house calls and working with parents. Costs were estimated at \$50 for the remainder of the year.

Also approved was another committee recommendation to establish the Hannah Parkyn Memorial Scholarship Fund to replace the Scholarship Fund now in existence.

Noon periods in Maplewood and Holland Heights Schools will be shortened and the length of the school day reduced accordingly, on recommendation of the schools committee.

Heavy Snow Restricts Parking

Parking restrictions on city streets went into effect Saturday as snowbanks mounted at the curbs, narrowing traveled portions of the streets.

Restrictions, as drawn up by City Manager Herb Holt and Police Chief Jacob Van Hoff, follow much the same rules as last year when the severest winter of all time struck this section of western Michigan.

Last year the restrictions were in effect several weeks since snow covered the ground continuously from Dec. 6 through March 21, and left deposits at curbs considerably longer.

The orders restrict parking as follows:

No parking on the north side of east-west streets.

No parking on the east side of north-south avenues.

In those areas where parking already is restricted in residential areas, persons are asked to comply with existing signs.

The new restrictions do not affect neighborhood shopping areas, boulevards, parking meter areas, downtown areas, and those streets which have no curbs and gutter unless otherwise posted.

City police will post "no parking" signs in critical areas, particularly at churches, schools and other spots.

Perhaps the simplest rule is "Don't park on the side of the street where the fire hydrants are." In any case, where parking already is restricted, motorists are asked to honor the signs.

Parking restrictions do not affect Holland's boulevards on West 12th St., Washington Blvd., or on 23rd St. east of College.

The board granted a request of the YMCA for a second eight-week series of adult education classes at \$50 a night, the same rate as the first series.

A suggestion from Arthur Seaton that a policy be made on private payment to school employees for services on school premises was referred to the finance committee.

The board went over several reports of the buildings and grounds committee and approved various payments, some of them part payments, for work at the new Holland Heights school and at Junior High School. The board also approved purchase of bleachers for the gymnasium in West Junior High at a cost of \$1,739, plus installation of a chinning bar, two climbing ropes, an overhead ladder, wall hooks and a bulletin board.

Secretary Harry Frissel announced a school aid payment of \$94,620. All members were present with the exception of Bernard Arendshorst. Albert Schaafsma gave the invocation. The meeting lasted less than 1½ hours.

Maroons Stop Ludington For 5th Win

Holland Christian's basketball squad led all the way on the Civic Center court Friday night to take its fifth straight victory by defeating rugged Ludington, 72-56 before 2,000 fans.

Although the Maroons kept their undefeated string intact, they were never able to build up a safe margin until the final minutes. The game was closer and more hotly contested than the final 16-point spread would indicate. Christian's biggest margin was the final one, while the Orioles never got any closer than three points on a couple of occasions.

Coach Art Tuls' club always seemed in command although they committed more floor misplays than in previous games. Tuls was displeased with the rebounding of his club and said, "Our rebounding will have to be much better if we are going to battle Grand Rapids Christian all the way next Friday."

The Maroon forward wall was also hampered in the board department as Jim Otte, big 6'4" center, could only play a portion of the game due to a touch of the flu. Langeland and Don Kronemeyer were the big guns on the boards for the Maroons.

Ludington boasts of several fine individual performers and coach Joe Kowatch capitulates on their abilities with a spread offense to set up as many "one on one" situations as he can. Forward Owen Evans is a fine outcourt shooter as is Fred Bernson, also an aggressive driver. The Orioles play a scrappy, alert defense with rugged backboard play.

Christian again hit a fine 39 per cent shooting mark connecting on 30 out of 78 tries. Oddly enough it was the close-in lay-ups and missed tips that lowered the shooting mark. With Tom Dykema and Kronemeyer leading the way, the Maroons were uncanny in their accuracy from the outside.

The Maroons hit the first four shots they tried, all from outcourt to build up a 9-4 lead in a hurry. At the midway point of the quarter, the winners were still hot and led 14-7 with 4:09 remaining. Bernson started to connect from the lane to whittle the Maroon margin to 21-14 going into the second period. Kronemeyer hit for eight in the period and Dykema nine.

Ludington picked up steam at the outset of the second period to cut the lead to 21-18 and later to 24-21 before Langeland started to find the range for the Maroons. He hit four one-hand jumpers from the side while Evans was doing the same for the Orioles. Otte and Kronemeyer also helped out on the offensive to give the locals a 40-35 halftime bulge.

Play was ragged for part of the third period on both sides. Neither club scored for a spell of three minutes with bad passes and other violations marring the play. The Maroons led 52-44 at the 4:14 mark of the period. Ludington kept pace however to trail 54-46 going into the last period.

Coach Joe Kowatch's Orioles made their last bid to overtake the Maroons early in the last period. With six minutes remaining in the contest, the Orioles cut the bulge to 56-52 and 58-54. Then the power of the Maroons started to assert itself as Christian pulled away from a 62-56 lead to score 10 straight points and win going away. Dykema, Kronemeyer and reserve center Johnson sparked the victory drive.

At the charity stripe the Maroons connected on 12 out of 21 while the losers were hitting eight out of 11 tries. Balanced scoring led the Maroons with four in double figures led by Kronemeyer with 21 and Dykema with 19. Evans led the Orioles with 20.

Christian next guns for its biggest game of the season as they take on Grand Rapids Christian next Friday in the Grand Rapids Civic Auditorium.

Kibby-Jansen Rites Read

Mr. and Mrs. Walter Harrison Kibby

The Berean Bible Church was the scene of a double ring wedding ceremony on Dec. 6 when Miss Gayle Lynne Jansen, daughter of Mr. and Mrs. Jacob Jensen, 493 West 20th St., became the bride of Walter Harrison Kibby, son of Mr. and Mrs. Harrison Kibby of 724 River St., Allegan.

The Rev. Clarence Kramer read the rites at 8 o'clock as the wedding party gathered before an arrangement of bouquets of white mums and stock, brass seven branch candelabra and a brass candle tree decorated with white and rose colored mums. White bows, candles and rose mums adorned the pews. Henry Bol played appropriate wedding music and also accompanied Robert Cleveringa of Muskegon, soloist who sang "Because," "Christian Wedding Song," and "Wedding Prayer."

Wedding attendants were Miss Nancy Herlein of Muskegon, former roommate of the bride, as maid of honor, Mrs. Ronald Goodyke and Mrs. Kenneth Souter, bridesmaids; Cheryl Jansen, cousin of the bride, flower girl; William Hitchcock, best man; Kenneth Kibby, brother of the groom, and Jerry Vaughn, groomsmen; Jack Forsten of Holland and Lance Bartz of Allegan, ushers.

As the bride approached the altar with her father she was wearing a gown of peau de soie, styled with a scoop neckline and three-quarter length sleeves. The fitted bodice and controlled bell skirt were enhanced with appliques of swiss motifs and accented with a detachable square chapel-length train which was caught with a small bow in front. Seed pearls enhanced the appliques. A pill box headpiece trimmed with seed pearls and crystals secured the elbow-length veil of English illusion and her bouquet of roses, carnations and greens was centered with a white orchid. The pearl earrings worn by the bride for the ceremony and the onyx bracelet worn with her going-away outfit were gifts of the groom.

Street-length gowns of candy rose velvet were worn by the bride's attendants. They wore white fur pillbox headpieces and carried white fur muffs accented with happiness roses and rose colored bows accented with greens.

The flower girl was dressed in candy rose velvet trimmed with white lace. She carried a white basket with rose petals and wore a wreath of white and rose carnations and pompons. Ringbearer was John Savage Jr., nephew of the bride.

Mrs. Jansen chose a sapphire blue velvet dress with silver accessories and a corsage of roses for the occasion while the mother of the groom selected a light blue brocade jacket dress with black accessories complemented by a corsage of roses.

The newlyweds greeted about 150 guests at a reception held at Jack's Restaurant with Mr. and Mrs. Jay W. Formsa serving as master and mistress of ceremonies. Attending the punch bowl were Mr. and Mrs. John Jansen Jr., brother and sister-in-law of the bride, and in the gift room were Mr. and Mrs. Howard Holcombe, sisters and brothers-in-law, of the bride. Miss Sheila Holcombe presided at the guest book.

During the reception Mrs. Ben Jansen entertained with a humorous reading. Miss Nancy Herlein and Robert Cleveringa sang a duet and Mr. and Mrs. Donald Brink played an instrumental number. Cal Jensen opened with prayer and Rev. Kramer closed with prayer.

Adrian Van Houten was in charge of the lighting for the ceremony.
